

Behind the Waves: Disney Cruise Line's Commitment to Recycling

CELEBRATION, Fla. (November 15, 2016) – Disney Channel Star Jenna Ortega, from the hit new TV series *Stuck in the Middle*, is taking viewers *Behind the Waves* in this newest addition to learn more about the inventive ways Disney Cruise Line is reducing, reusing and recycling!

Whether recycling plastic, glass, paper or even used cooking oil (yes – over 1,000 gallons of cooking oil is recycled from the ships every week), Disney Cruise Line is committed to reducing the amount of waste, in order to keep the environment clean.

Viewers can look forward to additional *Behind the Waves* videos in the coming months about onboard energy efficiencies and recycling efforts.
