

Pixar Play Zone Opens at Disney's Contemporary Resort

LAKE BUENA VISTA, Fla. (April 13, 2018) – Kids, ages 4–12, can now star in an adventure-packed evening filled with interactive fun, arcade games and dinner. It's all part of the new Pixar Play Zone that opens April 13 at Disney's Contemporary Resort.

While the kids play, parents can enjoy their own getaway throughout Walt Disney World Resort.

The new Walt Disney World entertainment experience is a pilot program that takes place nightly from 6-10:30 p.m. It transports young guests to a world full of excitement and adventure with their favorite characters from Disney•Pixar animated films "Toy Story" and "The Incredibles!"

Pixar Play Zone encompasses several elaborately themed spaces.

Big time fun awaits in The Living Room. There's Space Ranger Training where kids learn what it takes to become a Jr. Space Ranger of Star Command, including how to master the call of the Space Ranger, "To infinity and beyond!"

Then, Woody and Jessie will show them the ropes of the Wild West during Woody's Roundup – complete with a sing along for a rootin' tootin' good time.

Around the corner, toys of all kinds are waiting to play in Bonnie's Play Room.

Radiator Springs Racetrack is where youngsters can build their own racecars and send them down a soapbox derby racetrack in the Piston Cup Derby Races.

The evening builds to an Incredibles Super Dance Party where kids learn super sweet moves with Mr. Incredible and Mrs. Incredible.

Doors open for registration at 5 p.m. nightly. Children must be toilet-trained. Activities and entertainment are subject to change.

The immersive Pixar Play Zone experience costs \$65 plus tax per child. Availability is limited and reservations are strongly recommended, by calling 407-824- KIDS (5437).
